

What's New?

Sooner Ranch 2021 Improvements

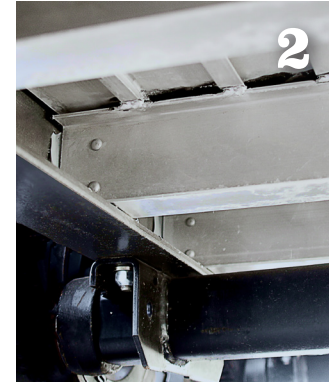

1. 5" Closed Posts in Nose Area

(7'6" models) – More strength and structural support in the gooseneck

2. Huck® Bolt Fasteners on Subframe

More heavy duty, stout construction in the subframe (more than a 200% increase in shear-strength)

3. 2" x 4" Posts for Jack & Spare Tire

(7' 6" models) – Durable and stronger reinforcement in nose area

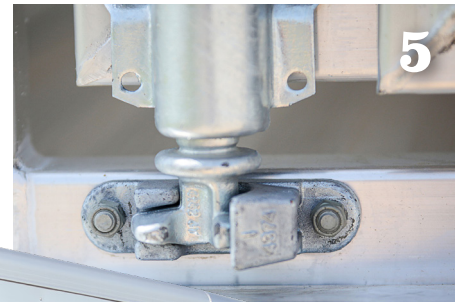

4. Standard Rear Game Slam Latch

Added safety and convenience when loading livestock, plus more added value to the trailer

5. Carriage Bolts on Cam Lock Rods

Added strength when fastening cam locks to the trailer frame

6. Removable Jack Handle

Heavy-duty design that is easier to use
